

# Czech Republic Medical Faculty Tour:

Sunday 11th – Friday 16th November 2018

---

A bespoke tour for School Higher Education  
and Career Counsellors

# Who is Medical Doorway?

Medical Doorway is the central application portal for a consortium of European medical universities and faculties. Every year we help hundreds of students from all over the world successfully apply and enrol onto medical, dental and veterinary programmes at a range of prestigious universities.

Our role is to be your strategic partner helping you to advise and counsel students on the range of options available to meet their study and career aspirations. We are appointed by our partner universities to support you and your students in every step of the journey from application to enrolment. This includes running exams & selection panels, visa & pre-departure support and assistance with all aspects of arrival and enrolment. This is delivered through the exceptional student support from Medical Doorway together with our partner universities, many of which are amongst the most popular medical faculties in continental Europe.

Medical Doorway has enabled students from every continent (minus Antarctica), take the first step to a future career as doctor, dentist or vet.

## The Czech Republic

Situated between Germany and Austria, The Czech Republic is one of the fastest growing economies in Central Europe. Blessed with prestigious universities, high levels of academic achievement and a young population highly fluent in English, it is regarded as one of the best European countries in which to work and study. Czechs have access to exceptional healthcare provision and high quality transport links within the region and to many major transport hubs.

The Czech Republic combines a low-cost, high standard of living and is the sixth safest country in the world (2017 Global Peace Index). It is therefore no surprise, that thousands of aspiring doctors, dentists and veterinarians from across the world have chosen to launch their careers by studying in this dynamic European country.

### Why should students study here?

- Prestigious state universities
- Globally recognized qualifications
- THES world ranked institutions
- Taught in English
- Exceptional academic and clinical facilities
- Centrally located European country
- Competitive tuition fees and living costs

## Recognition:

Medicine and Dentistry qualifications from The Czech Republic are recognised in the USA, Canada, UK, Europe, Australia, New Zealand, Hong Kong and most other countries & territories.

Some countries and territories require a newly qualifying doctor or dentist to pass a licensing exam such as the Hong Kong Licensing Examination or the USMLE in the USA.

# The Tour

Due to popular demand and to coincide with the CIS Global Forum in Vienna (8-9th November) Medical Doorway has arranged a bespoke and unique tour of The Czech Republic. This will give you the opportunity to see for yourself the facilities on offer at these prestigious universities. The aim of the tour is to provide you with the knowledge and first-hand experience to advise students on applying and studying medicine, dentistry and veterinary medicine in Europe. This is a bespoke professional development opportunity for school and college career counsellors which at the same time will give you the chance to see one of central Europe's most progressive and dynamic countries.

# Masaryk University

Named after the first president of Czechoslovakia, T.G. Masaryk, and founded in 1919, Masaryk University is the second largest university in Brno, the Czech Republic's second biggest city.

The new Faculty of Medicine, on a purpose-built campus, is a short distance from the city centre. The faculty, linked by a bridge to a large shopping mall, provides a wealth of on-site services for students. As well as one of Europe's most impressive medical libraries, the university offers high quality accommodation for students providing all you need for daily life on the university campus. The university is also breaking ground on a €33,000,000 clinical simulation centre, which will be one of the largest such facilities in the world.

Whether you are studying on the six-year Medicine or five-year Dentistry programme, you can be proud that you are studying at a modern and innovative university with employment opportunities in the UK and around the world. Brno is a centrally located city with direct flights to the UK and direct rail connections to Prague and Vienna, the capital of Austria.

Boasting state of the art facilities, impressive graduate employment opportunities and a vibrant student city, it is no wonder why this is a very popular university with students.

## Fast facts:

- Situated in the Czech city of Brno
- Direct flight to the UK and direct trains to Prague and Vienna
- Modern purpose built medical faculty
- Established career pathways

## Tuition fees:

### Medicine

- 280,000 CZK
  - €11,000 est.
  - US\$14,000 est.

### Dentistry

- 330,000 CZK
  - €13,000 est
  - US\$16,000 est.

# University of Veterinary and Pharmaceutical Sciences

Founded in 1918, The University of Veterinary and Pharmaceutical Sciences (UVPS) Brno, is the only university in the Czech Republic specializing in veterinary medicine. Situated in the Czech Republic's second city, the university offers students the dream of pursuing a career in Veterinary Medicine in one Europe's most beautiful cities. With some of the lowest tuition fees available, studying veterinary medicine at UVPS is also affordable.

UVPS Brno is rightly regarded as one of Europe's leading veterinary universities and is situated on its own self-contained campus a short tram ride from Brno's vibrant city centre. The impressive campus boasts its own on-site large and small animal hospitals, a centre for the treatment of tropical birds and a dedicated equestrian centre with a purpose built indoor riding arena. There is also ample student accommodation which is very competitively priced and of high quality.

As students progress through the course they will spend more hands on time dealing with clinical cases. International placement opportunities exist and students can find themselves working with big cats in Asia or learning about the complex health care needs of Zoo animals

## Fast facts:

- Self-contained veterinary campus
- Twenty minute walk to the city centre
- On-site animal hospitals and equestrian centre
- Unique learning opportunities

## Tuition fees:

- €7600 per year
- US\$9,500 est.

# Palacký University

Palacký University is a highly-respected university and has built a reputation for high quality medical education and research delivered in an ultra-modern faculty building.

Educating students since the 1590's, Palacký University offers centuries of tradition with cutting edge facilities. This is a great opportunity for students who are committed to a career in medicine or dentistry and want to study side by side with students from Europe, Asia, Africa and North America. Studying at Palacký University gives you the chance to follow in the footsteps of world famous doctors including Bohdan Pomahač, who led the USA's first full face transplant.

The university is located in the beautiful Moravian town of Olomouc, where twenty percent of the town's population are students. This gives the town an academic and cultural vibrancy with regular social and sporting events, and ample opportunity to learn more about this historic town and university.

If you want to experience some of the best learning facilities in Central Europe the Faculty of Medicine and Dentistry at Palacký University offers you the chance to fulfil your career aspirations in one of the most beautiful towns in the Czech Republic.

## Fast facts:

- Situated in historic Olomouc
- High speed train connections to Prague
- Vibrant student city
- Low cost of living

## Tuition fees:

### Medicine

- €10,000
- US\$12,000 est.

### Dentistry

- €11,800
- US\$14,500 est.

# Charles University Faculty of Medicine in Hradec Kralove

Charles University in Hradec Kralove is one of the largest medical faculties in central Europe. Students from Hradec Kralove graduate from one of Europe's most prestigious universities in a modern learning environment.

The Faculty of Medicine in Hradec Kralove opened in 1945 and was the first medical faculty in East Bohemia. The town of Hradec Kralove is an important university town where excellence in academic study is fostered in one of the most beautiful cities in the Czech Republic.

Emphasis is placed on practical training with students fully supported in their pre-clinical studies. Clinical training is delivered in the large and innovative University Hospital.

Hradec Kralove is considered the birthplace of Czech cardiac surgery, and the University Hospital continues to advance practice in this and other clinical specialties.

Hradec Kralove is home to many other faculties and universities. This makes the town a focal point for students with the atmosphere of a large multidisciplinary university campus. If you aspire to study medicine or dentistry in a beautiful location at an exceptional medical school, choose the Faculty of Medicine in Hradec Kralove.

## Fast facts:

- Only 1hr 30min train journey from Prague
- Historic East Bohemian university town
- Situated on two sites
- Large university hospital

## Tuition fees:

### Medicine

- 310,000 CZK
  - €12,200 est.
  - US\$15,000 est.

### Dentistry

- 340,000 CZK
  - €13,500 est
  - US\$16,500 est.

# Charles University First Faculty of Medicine in Prague

Charles University First Faculty of Medicine in Prague is one of the original four faculties of Charles University, one of Europe's most prestigious universities. Founded in 1348, it is one of the oldest medical schools in the world and arguably central Europe's most famous medical faculty.

The exceptional teaching and clinical facilities provide students with a globally recognized medical or dental training. Charles University First Faculty of Medicine prides itself on preparing aspiring medical doctors, dentists, scientists and health professionals in a modern and supportive environment. The pursuit of academic and research excellence is fostered from year one with the latest research developments and technology taken into the classroom.

Whether you are studying on the Medicine or Dentistry programme, you can be proud that you are studying at one of the most famous medical institutions in the world. Your degree enables you to apply for registration in the UK, Europe, Asia and North America.

Join students from over fifty countries studying Medicine or Dentistry in Prague.

## Fast facts:

- Located in the centre of Prague less than a ten-minute walk to Wenceslas Square
- Central Europe's most popular school of medicine & dentistry
- Prague airport is serviced by all major airlines
- One of the world's oldest medical schools

## Tuition fees:

### Medicine/Dentistry

- 360,000 CZK
  - €14,000 est.
  - US\$17,000 est.

# Charles University Second Faculty of Medicine in Prague

Charles University Second Faculty of Medicine was established in 1953 and remains on the site of the Motol hospital. Initially the faculty was established to specialise in paediatric medicine. In 1990 the faculty changed its name to the Second faculty of Medicine and has grown and advanced along with the on-site world class hospital. With a smaller enrolment the faculty offers exceptional education, a clinical setting and a challenging but rewarding curriculum.

The comprehensive approach to education means that entire spectrum of medicine and health education is delivered in the faculty. Charles University Second Faculty of Medicine prides itself on preparing future medical doctors, in a student focused environment with students still benefiting from living in one of Europe's most vibrant cities. The faculty is fully integrated into the Motol hospital meaning students get early clinical exposure. The location is away from the hustle and bustle of the city centre but with its own dedicated station on the Prague metro system it is easy to get to and from the campus.

## Fast facts:

- Part of Prague's Motol hospital
- Dedicated station on Prague's Metro system
- Global recognition including by The Medical Board of California
- Easy access to Prague airport

## Tuition fees:

- 330,000 CZK per year
  - €13,000 est.
  - US\$16,000 est.

## Hotel Bookings:

We have negotiated a group discount for hotels in Brno, Olomouc and Hradec Kralove. All rates include taxes and Breakfast.

### Sunday 11th November

Brno: Orea Hotel Voroněž

£42 GBP

### Monday 12th November

Olomouc: Hotel Flora

£40 GBP

### Tuesday 13th November

Hradec Kralove: Hotel Alessandria

£40 GBP

Due to the large and varied range of hotels in Prague and as some delegates may wish to extend their stay to explore more of this beautiful capital city we have not arranged a group hotel in Prague.

We can however recommend the following two hotels which are close to Charles University First Faculty of Medicine and I.P.Pavlova Metro station.

#### **Ibis Praha Wenceslas Square:**

<http://www.ibis.com/gb/hotel-3195-ibis-praha-wenceslas-square/index.shtml#overview>

#### **Novotel Praha Wenceslas Square:**

<https://www.accorhotels.com/gb/hotel-3194-novotel-praha-wenceslas-square/index.shtml>

Hotels around I.P.Pavlova or the main train station (Hlavní Nádraží) are also close to the First Faculty of Medicine.
